

SABPA PROSPECTIVE COHORT STUDY PROGRESS (2008-)

PRINCIPAL INVESTIGATOR: PROF LEONÉ MALAN

A. CURRENT STATUS

Successful completion of the 3year follow-up (87.8%)

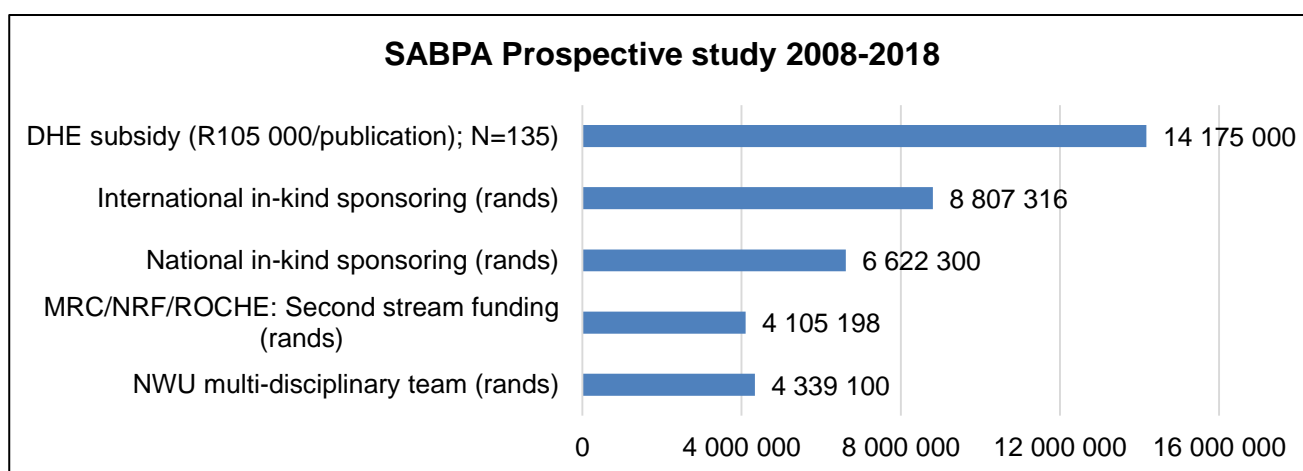

B. SABPA ACTIVE NATIONAL AND INTERNATIONAL COLLABORATORS

NAME OF COLLABORATOR	ENTITIES	FOCUS OF COLLABORATION	ACTIVE COLLABORATION: <u>SABPA & STRESSED PROJECTS</u>
INTERNATIONAL			
1. Prof N Frasure-Smith (PhD)	McGill University, Centre de Recherche de Université de Montréal & Montreal Heart Institute, Quebec, Canada	Depression and CVD risk	Co-author, SABPA design
2. Prof M Hamer (PhD); Extra-ordinary Professor (HART)	University College of London, UK	Psychophysiological responses	Author/Co-author, external examiner, co-supervisor, SABPA design
3. Prof R von Känel (MD)	Zürich University, Switzerland	Procoagulation, CVD and mental stress	Author/Co-author, co-supervisor
4. Prof T Ziemssen (MD, PhD) 5. Dr M Reimann (PhD)	Techniklinikum Dresden, Germany	Autonomic Function Retinal vessel analyses	Author/Co-author, co-supervisor, Stressed cohort
6. Dr W Vilser (PhD, Ing) 7. Prof K Kotliar (PhD, Ing)	Imedos, Jena, Germany FH Aachen University, Jülich, Germany	Retinal vessel analyses	External control SABPA retinal images, funding software, co-author
8. Prof C Kirschbaum (PhD)	Techniklinikum Dresden, Germany	HPA axis and Psychophysiological Responses	Co-author (funding: cortisol, testosterone analyses)
9. Prof R von Känel (MD)	Zürich University, Switzerland	Procoagulation, CVD and mental stress	Author/Co-author, co-supervisor
10. Prof JCN de Geus (PhD)	Vrije Universteit, Amsterdam, The Netherlands	Genetic polymorphisms, autonomic function and mental stress	Co-author
11. Prof M Schlaich (MD, PhD)	University Western Australia, Perth, Australia.	Endothelial function	Co-author, funding: 24h urine catecholamine and cortisol
12. Prof GW Lambert (PhD)	Swinburne University of Technology, Hawthorn, Melbourne, Australia	Neurogenic Hypertension	

13. Prof A Alkerwi (MD, PhD)	Luxembourg Institute of Health, Luxembourg	Cardiometabolic responses	Co-author
14-15. Proff M Magnusson, O Melander (MDs)	Lund University, Malmö, Sweden.	SABPA: Metabolomics, diabetes progression and Cardiovascular disease	Author/Co-author
16. Prof S Bacon	Montreal Behavioural Medicine Centre, Canada	Psychophysiological responses	Co-supervisor
17. Prof R Böger	University Medical Center, Hamburg, Germany	Endothelial function	Funding/Co-author
SUB-SAHARAN AFRICA			
18. Prof YK Seedat (MD, PhD)	University of KZN, Natal	Planning; co-author, external examiner	Co-author, Dept. Health Guidelines Advisory Board support
19. Prof R Delpont (RN, PhD) 20. Prof P Rheeder (MD, PhD)	University Pretoria (UP)	Cardiomyopathy Cardiometabolic Diseases - Diabetes	Co-authors, collaborators
21. Dr M Zatu (PhD)	Sefako Makgatho University	Cardiometabolic Diseases	Co-author, collaborator, Co-supervisor
22. Prof T Khumalo (PhD)	Vaal Campus, NWU	Psychological stress	Author/co-author, co-supervisor
23. ROCHE Diagnostics	Randburg, Gauteng	Cardiometabolic responses	Funding
24. Multidisciplinary team NWU	Hypertension in Africa Research Team (HART)	HART: cardiometabolic profile	<u>HART</u> Funding, collection of data, co-authoring
	Electrical & Electronic Engineering (P J van Vuuren)	Electrical & Electronic Engineering: Stressed	<u>Electrical & Electron Eng.:</u> Bio-engineering modeling: StresSed phenotype
	PharmaCEN: (BH Harvey; M Wolmarans)	PharmaCEN: Depression	<u>PharmaCEN</u> Funding, co-authoring
	Education: (PJ Mentz)	Education: Teacher stress	<u>Education</u> Funding, co-authoring
	AUTHeR: (JC Potgieter; F van der Westhuizen, R Louw)	AUTHeR: Psychological distress; oxidative stress, metabolomics, genetic screening	<u>AUTHeR</u> Psychology: data collection, Author/co-author; funding, analyses, Co-author
	PhasRec: (JH de Ridder, M Swanepoel)	PhasRec: Physical activity, Anthropometry	<u>PhasRec</u> Funding, data collection & analyses, Author/Co-author
	Fieldworker: GJ Motlhasedi	Fieldworker	<u>Fieldworker</u> African Culture Expert: Recruitment, feedback

2009- : SABPA STUDY FUNDING CONTRIBUTIONS**(R14.50 rand ~ 1 euro)****RAND**

1. NWU Multidisciplinary team	4 339 100
2. Second Stream Funding	4 105 198
• SABPA Award Metabolic Syndrome Institute (IDF committee), France	77 000
• Free State University, SA	471 200
• MRC, SA	1 145 000
• North-West Department of Education, SA	199 198
• NRF, SA	405 000
• PA & Alize Malan Trust, SA	17 000
• ROCHE Diagnostics SA	1 790 000
3. *National collaboration	6 622 300
4. *International Collaboration	8 807 316
Publications as First authors, Open access fees; Biochemical analyses (In-kind sponsoring)	

SABPA study: DHE (Department Higher Education) subsidy per peer-reviewed publication; funding and in-kind sponsoring.

C. SABPA POSTGRADUATE and POSTDOC STUDENTS (2008-)**POSTDOC student guidance (N=5):**

2008-2009: S Péter (PhD, MD)

2010-2011: M Glynn (PhD)

2014: S Hoebel (PhD)

2015: M Möller-Wolmarans (BPharm, PhD)

2016: F Hampel (PhD, MD)

D. PROJECT INTERNATIONAL AWARD

SABPA Study Design Excellence: Metabolic Syndrome Institute (France), New York, USA, 11th July 2008.

E. SEMINARS/COLLOQUIUMS/SYMPOSIA

- 2010: USA-Symposium (Portland, Oregon, USA): 68th American Psychosomatic Society Annual Meeting (Chair & Discussant, Prof JCN de Geus, Netherlands): Stress and health in black South Africans: The SABPA Study. Overview of Biomedical Pathophysiology Relevant to Stress and Disease. 13 March 2010. Plenary addresses [Proff L Malan, JC Potgieter, BH Harvey (South Africa), M Hamer (UK)].
- 2010: NWU-Colloquium: Prof John Reid (Glasgow, Scotland): Planning of Hypertension Research and Training Blood Pressure clinic, 2 March 2010 (6 CPD points) (N=52).
- 2011: NWU-Colloquium: Prof M Hamer (London, UK) & Dr M Reimann (Dresden, Germany): Cardiovascular risk and psychosocial stress, 18th – 23rd March 2011 (2 CPD points) (N=32).
- 2012: NWU-Colloquium: Prof Dr T Ziemssen (Dresden, Germany) & Dr Ing W Vilser (Jena, Germany): Retinal vessel analyses, 4-11 Sept 2012 (N=75).
- 2013: NWU-Colloquium: Prof Dr R von Känel (Barmelweid, Switzerland): Coagulation and depression, 18 Sept – 5 Oct 2013 (6 CPD points) (N=42).
- 2017: NWU-Symposium: Proff Dr M Magnusson & O Melander (Malmo, Sweden), R von Känel (Barmelweid, Switzerland), Dr JA Smuts (South Africa): Brain-Heart Cross talk and Cardiometabolic Health, 23 May 2017 (8 CPD points) (N=120).

F. INTERNATIONAL WORKING VISITS TO NWU, SOUTH AFRICA

- 2009: Mr D Mueller (Germany): Training of Dynamic Retinal vessel analyses.
- 2010: Prof J Reid (Scotland): Planning of Blood pressure clinic on Campus.
- 2011: Prof M Hamer (UK) & Dr M Reimann (Germany): SABPA data collection sites, training sessions, planning and discussing data dissemination.
- 2012: Prof Dr T Ziemssen (Germany) & Dr Ing W Vilser (Germany): Dynamic Retinal vessel data interpretation.
- 2013: Prof Dr R von Känel (Switzerland): SABPA data collection sites, training sessions, planning and discussing data dissemination.
- 2017: Proff Drs R von Känel (Switzerland); M Magnusson & O Melander (Sweden): SABPA project data dissemination.

G. INVITED METANALYSIS/COLLABORATION

1. Prof G Parati (MD), Istituto Auxologico Italiano and University of Milano-Bicocca, Milano, Italy. International Ambulatory blood pressure Registry: TeleMonitoring of hypertension and cardiovascular risk project: ARTEMIS (2011-)
2. Prof D Vancampfort, Belgium (Psychomotorisch therapist). Depression and cardiometabolic health: The SABPA Study (2012-)
3. Prof ML Molendijk, Leiden University, the Netherlands. Serum BDNF concentrations in depression (by antidepressant treatment) and healthy controls (2013-)
4. The #1 Antibody Resource (Emma Russell-Bennett): Request featuring 2013 paper (Int J Cardiol): von Willebrand factor antibodies webpage:
http://www.antibodyresource.com/rateproduct/doi/10.1016/j.ijcard.2013.07.191/nico.malan_at_nwu.ac.za
5. Dr M Mathur (MS): The association between perceived psychological stress and telomere length in humans. Quantitative Sciences Unit, Stanford University, USA:
<https://med.stanford.edu/profiles/profiles/maya-mathur>

6. Boehringer Ingelheim: Increasing awareness of stroke incidence in South Africa:
carica.combrinck@boehringer-ingenelheim.co.za
7. Prof A Sumner, NIH (USA). Waist circumference consensus guidelines in Africa. Proposed to finalise 2020.

H. PUBLIC ENGAGEMENT (number of contributions in brackets)

1. National & International papers: Burger (1), Volksblad (1), Herald (4), The Star (1); North-West Independent (2); Beeld (3); HORIZON2020: PanEuropean Networks 2014 & 2015 (2).
2. Radio interviews: SABC Monitor (1); Radio Pretoria (1); OFM (1).
3. SABPA project-stress relaxation (2) and feedback workshops: (2).
4. *Invited Popular Talks* (23)
5. Ongoing community service cardiovascular monitoring for local and referred patients: 24h ABPM & -ECG, 12-lead ECG, IOP, CIMT, plus full report.
6. YouTube video: Are you too B.U.S.Y. Brain-Heart Health:
<https://www.youtube.com/watch?v=RW2iwJ05-5o&feature=youtu.be>

I. SABPA POSTER AWARD

Alberto Ferrari best poster award (Section: Neural Mechansims) 21st European Society of Hypertension (ESH) meeting, Milan, Italy, 20th June 2011.

J. SABPA RIPPLE EFFECT

L & NT Malan sparked the conceptualization and implementation of the Hypertension and Training on-campus clinic.

K. GENBANK DATA

Pretorius M, van der Westhuizen FH, Malan L, Schoonen M; Elson J, Malan L. Mitochondrial DNA sequences of South African population: The SABPA study. Submission date 9 Sept 2017. Genbank Accession: PRJNA403942 ID: 403942. <https://www.ncbi.nlm.nih.gov/bioproject/403942>; <https://www.ncbi.nlm.nih.gov/Traces/study/?acc=SRP117189>; Summary list: <https://www.ncbi.nlm.nih.gov/sra/?term=SRP117189>.

POPULAR MANUSCRIPTS/EDITORIALS

1. *Invited one-pager*: Malan L. The Heart-Brain link. PanEuropean Networks: H1 - Hypertension – HP10053 – HORIZON 2020; 2014:148.
2. *Invited one-pager*: Malan L. Heart-Heart Health. PanEuropean Networks: H2 - Hypertension – HP10117 – HORIZON 2020; 2014:172. <http://www.horizon2020publications.com/H2/#172>
3. *Invited editorial*: Malan L. Coping with urbanization: a cardio-neuro-metabolic risk for black South Africans? MetS Insight, 2008,14(9):4-6.
4. *Invited editorial*: Malan L, Malan NT, Du Plessis A, Wissing MP, Potgieter JC, Seedat YK. The cost of coping: a cardio-neuro-metabolic risk for South Africans? CardioVasc J Afr 2012;21(4). <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3721487/>
5. *Invited editorial*: Malan L. Review on the SABPA study. SA Cardiology and Stroke, Jan/Febr Issue 2012:6.
6. *Invited manuscript*: Van Lill AS, Malan L, Schutte R, Steyn HS. Sympathovagal balance, renin responses and structural vascular disease in dipper and non-dipper urban Africans: the SABPA study. SA Cardiology & Stroke 2012;6(1):8-15. https://scholar.google.com/citations?view_op=view_citation&hl=ru&user=GxcOYzwAAAAJ&cstart=100&pagesize=100&sortby=title&citation_for_view=GxcOYzwAAAAJ:J-pR_7NvFogC
7. *Invited editorial*: Malan L, Malan NT. The microcirculation as early prognostic factor in the control of blood pressure. VASA 2015 44(4):245-246. <https://www.ncbi.nlm.nih.gov/pubmed/26314355>

INVITED COMMENTARY

1. Malan L, Hamer M, de Kock A, Scheepers JD, Malan NT. Stress Appraisal and Risk Markers for Structural Vascular Disease. Int Atherosclerosis Soc [Internet]. 2013. <http://www.athero.org/commentaries/comm1133.asp>
2. Schutte AE, Schutte R, Huisman HW, Van Rooyen JM, Fourie CMT, Malan NT, Malan L. Blood pressure variability is significantly associated with ECG left ventricular mass in normotensive Africans: The SABPA study. SA Cardiol & Stroke Jan/Feb Issue, 2012.

BOOKS

1. **Invited:** Hoebel S, Malan L, De Ridder HS. Determining cut-off values for neck circumference as a measure of the metabolic syndrome amongst a South African cohort: the SABPA study. VDM Verlag Dr. Müller. 2011. ISBN-13:978-3639365580. 124p. <http://www.amazon.com/association-anthropometric-parameters-diabetes-Africans/dp/3639365585>

CHAPTERS IN BOOKS

1. **Invited:** Malan L, Oosthuyzen W, Malan NT, Potgieter JC, Seedat, Y.K. Coping with psychosocial stress reflects in changes in the cardio-endocrine profile of Africans. *In: Psychological Factors and Cardiovascular Disorders* (Ed: Prof Sher, L et al., Columbia University, New York). 2009. ISBN: 978-1-60741-189-5.
2. **Invited:** Hoebel S, Malan L, De Ridder HS. The association of anthropometric parameters with Type 2 Diabetes and microalbuminuria in black African males and females: the SABPA Study. Germany, VDM Publishing House. 2012. ISBN: 978-3-639-36558-0.
3. **Invited:** Willers M, Potgieter JC, Khumalo IP, Malan L, Mentz PJ, Ellis S. Coping and Cultural Context: Implications for Psychological Health and Well-Being, pp251-272. *In: Well-Being Research in South Africa Series: Cross-Cultural Advancements in Positive Psychology*, Vol. 4(XIII). (Ed: Wissing MP). 2013. ISBN 978-94-007-6368-5. 639p. <http://www.springer.com/gp/book/9789400763678>
4. **Invited:** Van Staden R, Malan L, Van Rooyen JM. Cardiomyopathy vulnerability in an urban African male cohort: the SABPA Study. *In: Urbanization: Global Trends, Role of Climate Change and effects on Biodiversity*. (Ed: Kauffman HJ), Nova Science Publishers. New York. 2014. ISBN: 978-1-63117-063-8.
5. **Invited:** Malan L, Oosthuizen W, JD Scheepers, Möller-Wolmarans M, Malan NT. Coping and autonomic dysfunction *act* in tandem with alcohol-related sub-clinical atherosclerosis: The SABPA Study. *In: Substance Abuse: Prevalence, Genetic and Environmental Risk Factors and Prevention* (Ed: Raines J), Nova Science Publishers. New York. 2014. ISBN: 978-1-63321-950-2. Pp107-128. https://www.novapublishers.com/catalog/product_info.php?products_id=52183
6. **Invited:** Malan NT, von Känel R, Smith W, Lambert GW, Vilser W, Eikelis N, Reimann M, **Malan L**. A challenged sympathetic system, is associated with retinal vascular calibre in a Black male cohort: the SABPA study. *In: Microcirculation in Health and Disease*. (Ed H Lenasi), InTech. Janeza Trdine, Rijeka, Croatia, 2016. ISBN 978-953-51-4801-2. Pp135-153. <http://www.intechopen.com/articles/show/title/a-challenged-sympathetic-system-is-associated-with-retinal-vascular-calibre-in-a-black-male-cohort-t>
7. **Invited:** **Malan L**, Malan NT. Emotional Stress as a Risk for Hypertension in Sub-Saharan Africans: Are We Ignoring the Odds? (Ed Md. S Islam). *In: Hypertension: from basic research to clinical practice; Adv Exp Med Biol - Advances in Internal Medicine 2017;2:497–510*. DOI 10.1007/5584_2016_37. ISBN 978-3-319-44250-1. http://link.springer.com/chapter/10.1007/5584_2016_37
